Summary of reasons for decision:

The publication contains additional content derived from, and designed to be played in conjunction with, a console game originally examined and classified by the Office of Film and Literature Classification ("Fallout: New Vegas", OFLC No. 1001333.000, registered 20th August 2010). It was classified "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years" and given the descriptive note "Graphic violence and content that may offend".

This computer game expansion pack comprises four new components (Dead Money, Honest Hearts, Old World Blues, and Lonesome Road) that continue the post-

apocalyptic theme of "Fallout: New Vegas". These extra components deal with matters of horror, cruelty and violence in a similar manner to the original game, and do not require this expansion pack to be given a different classification.
